

THE OCASI-ATKINSON EMERGENCY SUPPORT FUND

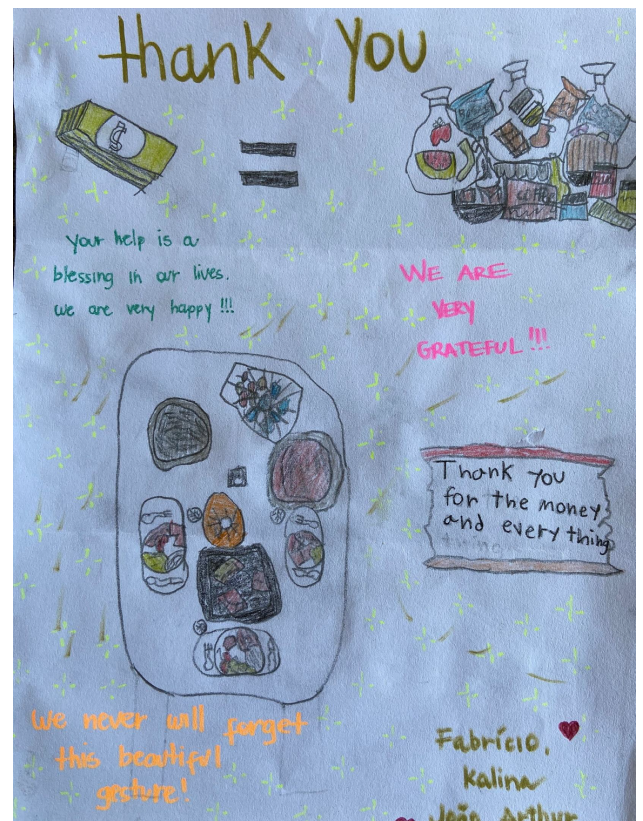

On behalf of all the clients who received the support, I would like to thank OCASI and the Atkinson Foundation for being thoughtful of people who are not getting any support in these difficult times. This has meant a lot for people. According to some of my clients who told me this funding is helping them get groceries, medication for their kids, paying bills and more. We thank you from bottom of our heart!

- Emal Keta, SWIS – CCLC

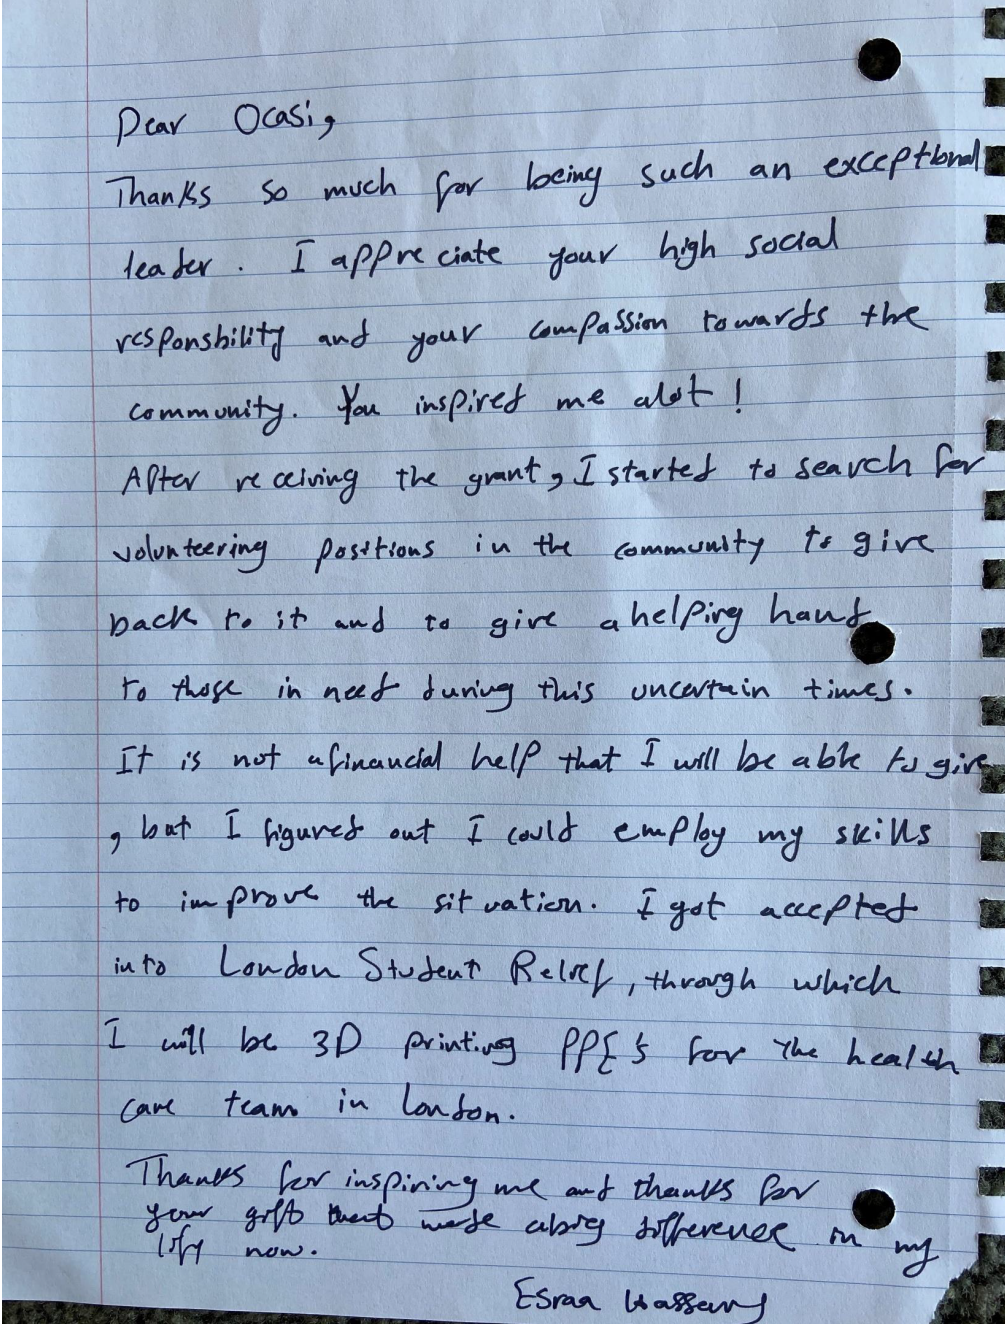

On behalf of Brescia University College, we want to thank you for the amazing support you have given to our International students in need due to Covid-19. These have been challenging times for our students who have been facing higher unemployment rates and unexpected financial struggles during Covid-19. We thank you for your wonderful support CCLC.

- Sincerely, Lissette

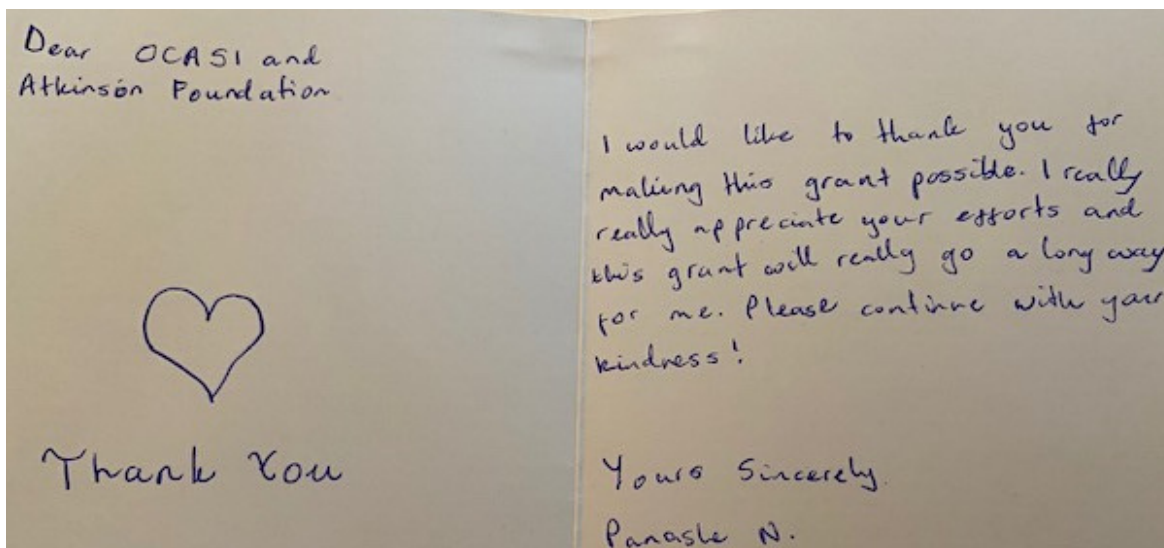

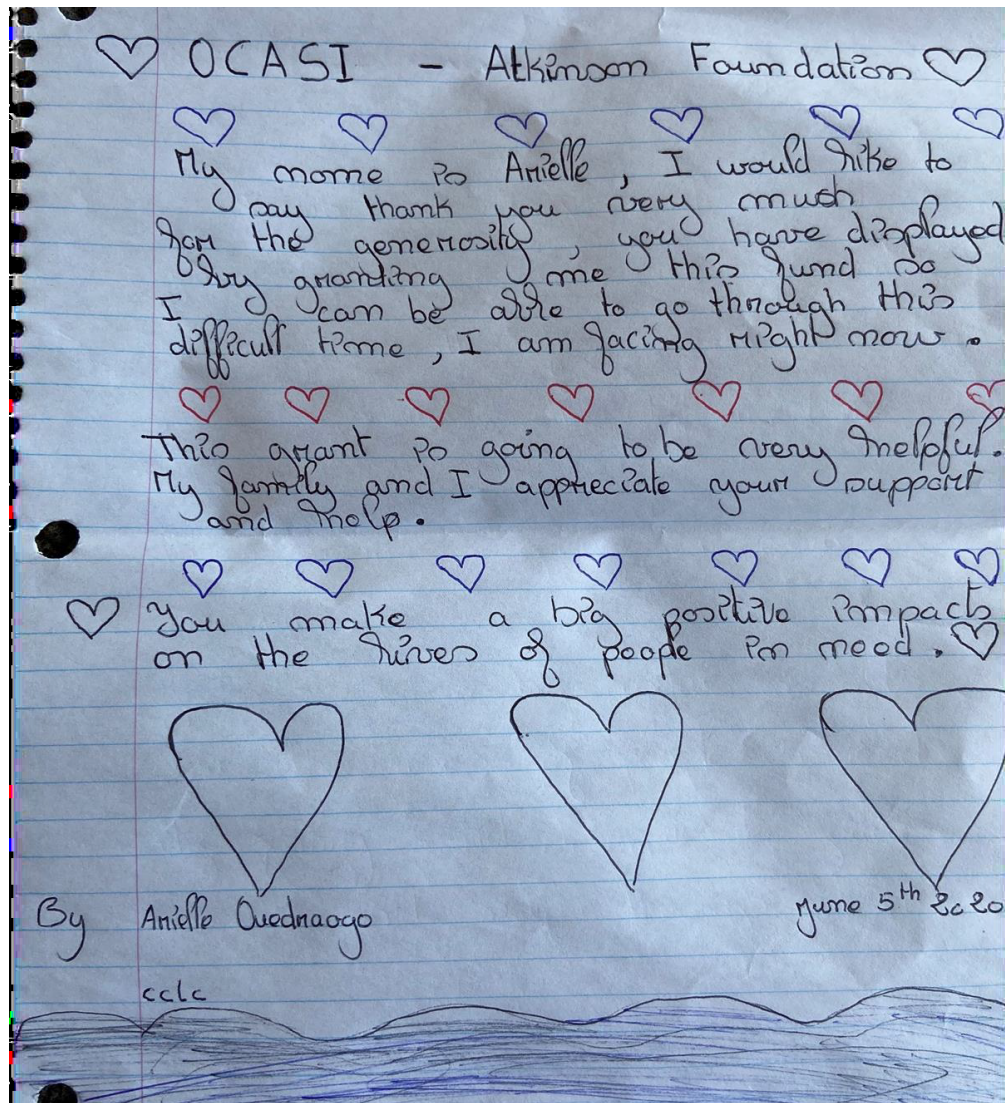

OCASI thank you so much for your generous donation. It means a lot and will really help me during this difficult time as an international student with no other source of income. thank you again.

- Leona

Dear OCASI,
Thanks so much for being such an exceptional leader. I appreciate your high social responsibility and your compassion towards the community. You inspired me alot!
After receiving the grant, I started to search for volunteering positions in the community to give back to it and to give a helping hand to those in need during this uncertain times.
It is not a financial help that I will be able to give, but I figured out I could employ my skills to improve the situation. I got accepted into London Student Relief, through which I will be 3D printing PPE's for the health care teams in London.
Thanks for inspiring me and thanks for your gift that made alot difference in my life now.
Esra Hassan

I would like to say thank you to OCASI and the Atkinson Foundation who has been thinking of the non-Canadians like myself during this pandemic. I appreciate the efforts of the OCASI and the Atkinson Foundation as I feel overwhelmed with this help. You have lent a helping hand to us in this country and I feel proud on my decision to come to Canada.

- Priyanka
